COURSE SYLLABUS

3D Modeling in AutoCAD (Self-Paced)

In the AutoCAD 3D Modeling course, you'll learn best practices and advanced techniques for building complex 3D models within the AutoCAD interface. This course is designed for students who already feel comfortable working with 2D drawings in AutoCAD.

Group classes (Live Online) and onsite training are available for this course. For more information, email corporate@nobledesktop.com or visit: https://www.nobledesktop.com/classes/3d-modeling-in-autocad-self-paced

Course Outline

3D Foundations
Simple Solids
Working with the User Coordinate System
Creating Solids & Surfaces from 2D Objects
Modifying in 3D Space
Advanced Solid Editing
Additional Editing Tools
Refining the View
Point Clouds
Visualization
Working Drawings from 3D Models
