Digital Marketing Strategy & Web Fundamentals

Learn how to create a successful digital marketing strategy and optimize your business's website to reach your target audience. This accelerated course covers topics such as identifying your goals and audience, optimizing your website for conversion, and developing a value proposition.

- Key skills needed to increase traffic to a website, generate leads and get sales

- How to develop a digital marketing strategy
- Essential elements every website should have to increase conversions
- How to turn leads into sales
- How to analyze your marketing to improve your return on investment

Content Marketing Bootcamp

This course offers a comprehensive exploration of content marketing, covering topics such as content creation, promotion, and measurement. Gain valuable insights and learn the best practices for effectively utilizing content creation to promote your brand in this accelerated class.

- Learn actionable content marketing strategies to attract and engage your target audience
- Develop an understanding of content curation techniques and industry best practices
- Create a strategic plan to promote, track, and optimize your content performance
- Analyze key metrics to measure content effectiveness and refine campaigns
- Explore tools and workflows that streamline content creation and distribution

Email Marketing Bootcamp

Discover the ins and outs of email marketing and learn how to optimize your campaigns for maximum success. This short course will provide you with the knowledge and strategies you need to excel in the competitive world of email marketing.

- Build an effective email list
- Design compelling emails
- Find out about the different types of emails & how to create them
- Optimize open rates & click through rates with A/B testing
- Build an email marketing strategy that works for you

SEO Bootcamp

Strengthen your online presence with actionable SEO strategies and keyword research techniques that help your site rank higher on Google. This hands-on bootcamp equips you with the tools to optimize content, structure websites, and monitor SEO success.

- Understand how search engines work and conduct keyword research and competitive analysis using tools like Semrush
- Create SEO-friendly content tailored to user search intent and the customer buying journey
- Implement on-page techniques including meta tag optimization, sitemaps, and internal linking
- Explore off-page practices like backlink building and content promotion strategies
- Design SEO-friendly websites with structured navigation, rich snippets, and mobile optimization
- Optimize video content for YouTube and conduct SEO audits to measure and improve performance

Google Ads Bootcamp

Learn how to develop and manage successful Google Ads campaigns, generate leads and sales, track conversions, and improve your search engine ranking with this comprehensive workshop. Perfect for anyone looking to expand their brand awareness through effective paid advertising techniques.

- Set up and navigate a Google Ads account, understand how the auction works, and apply effective keyword and bidding strategies
- Use Match Types to control ad visibility and create high-converting ads backed by landing page best practices
- Set up call and conversion tracking to measure campaign performance and ROI
- Optimize campaigns for maximum results using automation tools and data-driven insights
- Expand reach with remarketing for Search & Display and display advertising campaigns

Google Analytics Bootcamp

Master Google Analytics 4 (GA4) and unlock the insights you need to refine marketing strategies, monitor performance, and drive growth. This course covers everything from account setup to advanced tracking techniques.

- Set up and configure GA4 accounts, filters, goals, and e-commerce tracking
- Navigate the GA4 dashboard and interpret audience, acquisition, behavior, and conversion reports
- Build measurement plans to track KPIs and implement UTM parameters to monitor campaign performance across platforms
- Create and customize dashboards, shortcuts, and shared reports for efficient data access
- Apply retargeting strategies and build remarketing lists using Google Analytics data
- Leverage data insights and best practices to optimize marketing strategies and user engagement

Instagram Marketing Bootcamp

Learn how to develop a paid and organic marketing strategy for Instagram, including creating engaging content, mastering Stories, leveraging hashtags, capturing content, developing a community, creating a post cadence and collaborations. Also, discover how to create a business page, use paid advertising, and integrate Shopify with Instagram.

- Learn about the Instagram platform and its social impact
- Develop digital marketing strategies for Instagram
- Create visual content that increases engagement and drives sales
- Learn how to gain a following and expand your reach
- Learn how to build, target, and convert leads
- Master paid and organic marketing techniques

Facebook Marketing Bootcamp

Discover how to create and manage effective Facebook ad campaigns. Learn about business pages, Facebook groups, targeted ads, review conversion tracking, audience targeting, and Facebook Pixel. Explore the Facebook algorithm, Meta Business Manager, content and interactions, Shopify integration, Meta Ads Manager, and more in this comprehensive workshop.

- Develop a successful Facebook Marketing strategy
- Create visual content that increases engagement and drives sales
- Learn how to gain a following and expand your reach
- Using Facebook paid advertising for increased engagement and profit
- Learn how to create and manage successful Facebook ad campaigns
- Master setting up business pages, leveraging Facebook groups, and creating targeted ads
- Use conversion tracking, audience targeting, and Facebook Pixels to ensure that you earn a high return on your advertising budget

LinkedIn Marketing Bootcamp

Learn how to market your business on LinkedIn by optimizing your profile, using search features, and implementing paid advertising. This workshop covers the benefits of LinkedIn, how to leverage a personal profile, creating a company page, and measuring marketing success.

- Get an introduction to LinkedIn and its interface
- Learn how to optimize and leverage your personal LinkedIn profile
- Create and manage a LinkedIn company page
- Learn how to run paid advertising campaigns on LinkedIn

YouTube Marketing

In this hands-on training workshop, learn how to effectively use YouTube for social media marketing and develop a successful business content strategy. This workshop covers all aspects of video-based social media marketing, from creating a channel and editing content to monetization and using Shopify with YouTube.

- Learn the history of YouTube and its social impact
- Develop a successful social media strategy and learn to build a following
- Create content that increases engagement and drives sales
- Learn how to gain a following and expand your reach
- How to identify and engage your target audience
- Ad creation and optimization

Social Media Content Marketing: Blogs & X (Twitter)

Learn to create and market written content across platforms like X (Twitter) and blogs. Gain insights into current trends and develop strategic approaches to audience engagement, brand building, and cross-platform content marketing.

- Content strategy for blogs and writing-based social media
- Building a strong brand identity
- Effectively engaging with your target audience
- Marketing on X (Twitter): goals, metrics, and strategies
- Creating and sharing effective blog posts

TikTok Marketing

Learn how to use TikTok for video-based marketing campaigns and create attention-grabbing content that drives sales and builds your following. This accelerated workshop explores the commercial side of TikTok and helps students develop a marketing strategy that works for them.

- Learn the history of TikTok and its social impact
- Develop a successful social media strategy
- Create visual content that increases engagement and drives sales
- Learn how to gain a following and expand your reach

Streaming for Social Media

Discover how to effectively utilize streaming in your social media strategy with this class on OBS for Streaming. Learn how to set up content sources, connect to your streaming accounts, and reach your goals on Twitch, YouTube, and TikTok platforms.

- How to set up OBS for streaming
- How to stream to Twitch and its benefits
- How to stream to YouTube and its benefits
- How to stream to TikTok and its benefits

Social Media Industry & Portfolio

In this capstone course, discover social media marketing opportunities and how to optimize your online presence for job success. Topics include brand research, campaign development, networking strategies for LinkedIn, and more. Prepare for a career in social media management and content creation.

- Learn about earned-first creative thinking
- Develop original ideas and learn how to showcase them in a portfolio
- Optimize your résumé and LinkedIn profile
- Enhance your social media presence

AI for Marketing Bootcamp

Learn how to incorporate AI in your marketing strategy with this in-depth course. Explore how to use AI-driven tools to help your SEO, SEM, social media marketing, analytics tracking, paid advertising, and more.

- Leverage AI-driven strategy in your marketing campaigns
- Integrate AI into SEO, SEM, content, advertising, and analytics
- Measure the real-world impact of your AI marketing efforts
- Complete a capstone project to showcase your work

AI Coding Bootcamp with Claude Code

- Use Claude Code confidently for real development tasks and multi-step coding workflows
- Prompt and steer AI effectively using context setting, Plan Mode, review, and recovery techniques
- Work with Git and GitHub for version control, branching, pull requests, and code review
- Understand modern web development fundamentals including HTML, CSS, JavaScript, APIs, frontend, and backend concepts
- Build full-stack applications with Next.js, databases, authentication, and external APIs
- Debug, test, secure, and deploy production-ready applications to the live web

AI Marketing Portfolio Development

Build projects like a campaign brief generator, a marketing ops dashboard, an AI campaign studio, an SEO content workbench, a lifecycle email builder, or a paid ads campaign app.

- Take a marketing web application from first plan to final launch using AI coding tools
- Build three portfolio-ready projects shaped around your own goals and interests
- Wire apps into a hosted database so brand kits, leads, and campaigns stick around
- Bring in AI features that generate briefs, copy, imagery, and content at scale
- Craft responsive, accessible interfaces complete with dashboards, builders, and live previews

- Tap into third-party APIs and services like email platforms, model providers, and webhooks
- Lock down user and client data with security, authentication, and role-based access
- Ship a finished app with environment variables, a custom domain, and launch-ready polish
