COURSE SYLLABUS

Illustrator in a Day

Learn the fundamentals of Adobe Illustrator to start creating and editing vector graphics. Get practice using the standard drawing tools, building custom shapes, applying color, converting pixel-based graphics into vector, and more. Perfect for beginners who want to get started quickly with Illustrator.

> Group classes (NYC) and onsite training are available for this course. For more information, email corporate@nobledesktop.com or visit: https://www.nobledesktop.com/classes/illustrator-1day
