Course Outline

This package includes these courses

- Premiere Pro Bootcamp (18 Hours)
- Premiere Pro Advanced (18 Hours)

Premiere Pro Bootcamp

Learn how to edit professional-quality videos using Adobe Premiere Pro. This course covers everything from importing footage to advanced editing techniques like multi-cam editing and green screen removal.

- Import, organize, and manage video and audio files within the Premiere Pro workspace.
- Edit video clips using trimming tools, ripple edits, and time remapping for smooth transitions.
- Enhance audio by cleaning background noise, syncing tracks, and adjusting levels.
- Create motion graphics, add lower-third titles, and incorporate animated effects.
- Apply color correction and grading using adjustment layers and built-in tools.
- Export and optimize video files for social media, clients, or broadcast-quality output.

Premiere Pro Advanced

Take your video editing skills to the next level with advanced techniques in Premiere Pro. This course covers custom transitions, visual effects, action editing, and vertical video production for social media.

- Edit complex sequences, including action scenes and narrative-driven footage.
- Apply professional color correction using Lumetri Scopes and advanced grading tools.
- Create custom transitions, glitch effects, and motion trails for dynamic visuals.
- Work with time remapping, speed adjustments, and animated transform properties.
- Add captions, subtitles, and overlay effects to enhance storytelling.
- Edit and optimize vertical video content for social media platforms.
