Tableau Bootcamp (12 Hours)

Tableau Bootcamp

Develop the skills to turn raw data into compelling visual stories with Tableau, the industry-leading data visualization platform. This hands-on bootcamp teaches you to explore, analyze, and publish dashboards that communicate insights clearly and effectively.

- Connect to datasets, then clean, filter, and structure data for visual storytelling
- Create a variety of visualizations, including bar charts, line charts, treemaps, heat maps, and dual-axis charts
- Build custom fields, apply aggregates, and format charts with labels, tooltips, colors, and axes
- Work with geographic data to build interactive map visualizations, including choropleths and proportional symbol maps
- Customize dashboards and stories for different audiences and devices using Tableau's interactivity tools
- Publish to Tableau Cloud and export dashboards for professional sharing and collaboration
