COURSE SYLLABUS

Tableau Level II (Self-Paced)

Build advanced Tableau skills in this course by creating custom charts and exploring deeper visualization tools and customization options. You'll also learn how to work with maps, format geographic data, and add interactive actions that control how users experience your sheets and dashboards.

Group classes (Live Online) and onsite training are available for this course. For more information, email corporate@nobledesktop.com or visit: https://www.nobledesktop.com/classes/tableau-level-ii-self-paced
