Course Outline

This package includes these courses

- After Effects Course Online (Self-Paced) (18 Hours)
- After Effects Advanced (Self-Paced) (15 Hours)
- After Effects Compositing, Tracking, & Keying (Self-Paced) (18 Hours)

After Effects Course Online (Self-Paced)

Learn to create professional motion graphics and visual effects using Adobe After Effects. This course covers animation techniques, text effects, and file integration to help you build engaging video content.

- Animate photos, text, and graphics with ease
- Apply timeless animation principles to craft engaging and dynamic motion graphics
- Gain a clear understanding of the After Effects workflow
- Master key transform properties: position, scale, rotation, and opacity
- Use masks and track mattes to add creative visual effects to your videos
- Seamlessly import and animate Photoshop, Illustrator, and audio files within your projects
- Export high-quality videos using essential render settings and expressions

After Effects Advanced (Self-Paced)

- Work with 3D layers, cameras, and lights to create dynamic scenes
- Create and animate custom shape layers using the Pen tool
- Develop advanced text animations and save presets for future use
- Optimize animations with expressions and wire parameters for complexity
- Enhance audio integration by adding markers and applying audio effects

After Effects Compositing, Tracking, & Keying (Self-Paced)

Master advanced compositing techniques in After Effects, including keying, rotoscoping, and motion tracking. This course teaches you how to seamlessly integrate 2D and 3D elements into your video projects.

- Use motion tracking with Point Tracker and MochaAE to match movement with precision.
- Remove backgrounds with green screen keying using the Keylight effect and garbage mattes.
- Stabilize shaky footage with the Warp Stabilizer VFX tool for smooth motion.
- Apply time remapping techniques to create slow-motion, fast-motion, and frame-blended effects.
- Rotoscope video footage using manual techniques and the Roto Brush tool.
- Work with track mattes to create complex layering effects with images and video.
