Figma Masterclass

Learn Figma for UI/UX design. Gain a thorough understanding of Figma's design and prototyping capabilities, from creating designs, turning the into interactive prototypes, sharing them with clients for feedback, and getting user feedback.

Group classes in NYC and onsite training is available for this course. For more information, email corporate@nobledesktop.com or visit: https://www.nobledesktop.com/classes/figma-masterclass

Course Outline

This package includes these courses
- Figma Bootcamp (12 Hours)
- Figma Advanced (6 Hours)

Figma Bootcamp

Learn how to design and prototype user interfaces with Figma, the industry-leading tool for UI/UX design. This course covers essential skills, including working with components, auto layout, interactive prototypes, and team collaboration.

- Design UI/UX layouts optimized for mobile, tablet, and desktop using grids and frames.
- Work with components and variants to create reusable design elements efficiently.
- Build interactive prototypes with clickable links, overlays, and smart animations.
- Use auto layout to streamline spacing, alignment, and responsive design workflows.
- Share and collaborate on designs in real time using Figma's cloud-based features.
- Export assets for web, apps, and developers in multiple formats, including SVG and PNG.

Figma Advanced

- Explore Figma's advanced prototyping features with variables
- Use conditionals and variable modes to add advanced interactivity to prototypes
- Create design systems, including light and dark modes (using variable collections)
