

Motion Graphics Certificate

Become a motion graphics designer. Learn motion graphics with animation and video editing (plus special effects) created in Adobe After Effects and Premiere Pro. Then showcase what you've learned by creating a motion graphics demo reel.

Group classes in NYC and onsite training is available for this course. For more information, email hello@nobledesktop.com or visit: <https://www.nobledesktop.com/certificates/motion-graphics>

Course Outline

This package includes these courses

- Premiere Pro Bootcamp (18 Hours)
- After Effects Bootcamp (18 Hours)
- After Effects Advanced (18 Hours)
- Motion Graphics Portfolio Bootcamp (18 Hours)
- Cinema 4D in After Effects Bootcamp (12 Hours)

Edit Video with Premiere Pro

- Combine video with music, images and graphics
- Edit multi-camera footage together
- Cut documentary, narrative and promo style videos
- Learn important principles of editing you can apply to any project

Create Motion Graphics with After Effects

- Animate images, text and video in motion graphics projects
- Animate Photoshop and Illustrator files
- Create animated logos, infographics and social media ads
- Animate native shape and text layers to create engaging animation

Composite Images and Video with After Effects

- Use chroma keys to remove greenscreen backgrounds
- Composite video together into new and unique arrangements
- Track moving objects in your video for effects
- Replace screens on phones and other devices using MochaAE

Create 3D Graphics in Cinema 4D Lite

- Turn 2D After Effects text into 3D models
- Extrude AE shape layers to 3D geometry
- Create 3D Models
- Animate in 3D space

Learn the Motion Graphics Workflow

- What does it take to put together a demo reel
- How can I run a motion graphics project
- Where can I find work
