Course Outline

This package includes these courses

- Project Management Level I (6 Hours)
- Project Management Level II (6 Hours)

Project Management Level I

Learn the strategies, methods, and terminology commonly used in project management. Develop a practical understanding of the five stages of project management, focusing on the Initiation and Planning phases, and gain insight into the skills and responsibilities of a successful Project Manager.

- Learn about the five phases of project management, focusing on the first two: Initiation and Planning
- Understand important foundational concepts and project management terms
- Learn about selecting projects, defining/planning/scheduling activities, managing resources, and much more
- Become familiar with the various duties and qualities of a project manager

Project Management Level II

Learn advanced project management techniques, including execution, monitoring, and closing phases. Learn to manage budgets, resources, and risks. Discover Agile Project Management and popular frameworks like Scrum, Kanban, and XP.

- Continue learning about the five phases of project management, focusing on the last three: Execution, Monitoring, and Closing
- Understand project costs and budgeting
- Learn how to manage resources
- Manage risk, changes, and uncertainty
- Get an overview of Agile Project Management frameworks: Scrum, Kanban, and Extreme Programming (XP)
