Course Outline

This certificate includes these courses

- Web Development Level 1 (18 Hours)
- Sketch Bootcamp (12 Hours)
- Web Development Level 2 (18 Hours)
- Flexbox, Grid, & Bootstrap (12 Hours)
- JavaScript & jQuery (18 Hours)
- Web Developer Tools: Git & Coding Tips (6 Hours)
- HTML Email (6 Hours)
- PHP & MySQL Bootcamp (18 Hours)
- WordPress: Build Custom Themes (12 Hours)

Front-End Web Development

HTML: Create web pages and emails using HTML code to mark up content (text, images, etc.)

- CSS: Style the contents of a webpage or email.
- JavaScript & jQuery: Add interactivity, animation, and more to webpages.
- Flexbox, Grid, & Bootstrap: Learn modern page layout techniques.

Code Management & Deploying Sites

- FTP: Upload your files to make the site go live.
- Git: Keep a history of code changes, and merge your code with other developers.
- GitHub & Bitbucket: Work with other developers using remote Git repositories.

Web Design & Graphics

- Layout webpage designs using Sketch.
- Create and optimize web graphics for fast download.

HTML Email

Learn to code emails with HTML and CSS.

Back-End Web Development

- WordPress: Learn to create custom WordPress themes for the most commonly used CMS (content management system).
- PHP & MySQL: Build dynamic web pages and interact with a database.
